STATE.

Justice of the Supreme Court, ROBERT VON MOSCHIZSKER, of Philadelphia.

COUNTY.

Associate Judge, SAMUEL AUL, Jenks Twp.

Call for Republican Committee Meeting.

To the members of the Republican County Committee of Forest County: You are hereby notified, in compliance with the rules governing the Republican party in the county, which require the newly elected committee to assemble together at the call of the Chairman of the Republican County Committee, within thirty (30) days after their election at the Spring Primary, for the purpose of organization, and to elect a Chairman for the ensuing year.

You are therefore requested to meet at Marienville, my office, on Friday the 25th day of June, 1909, at 2 o'clock p. m., or to send properly executed credentials for proxies, according to the ninth (9) section of the party rules.

H. S. BROCKWAY, Chairman.

CHARLES MORRISON of London, who ate the same sort of noonday lunch as Russell Sage, an apple and a bun, has left, approximately, the same amount of money, \$60,000,000. This may be a coincidence, or it may be a plot to bull the apple market.

ANNOUNCEMENT is made of Col. Bryan's candidacy for the United States Senate. Provided, that nothing contained herein shall be construed as furnishing any pretext for or giving any encouragement to the present ambitions of a party of the name of Johnson.

The woman smuggler is the terror of all ports, and the new revelations at New York are new only in the sense that they are old enough to be new again. The woman smuggler is the standing argument against the claim that woman has so much a higher conception of duty than the man that her exercise of the right of suffrage would be a moral gain.

First the "center of the Black Hand" was believed to be in New York. Then it was located in Patterson. Now it is placed in Cincinnati, or some other town in Ohio. But how about Italy? The world has long had a suspicion that the focal point of the Black Hand diabolism is somewhere in Victor Emmanuel's country.

It appears from recent press dispatches that President Taft and the leaders of the Senate have agreed upon a two per cent tax on the net earnings of corporations as a substitute for an income tax. The theory is that the soulless corporations are getting away with most of the profits on everything, and that they should be compelled to divide the swag.—Panxy Spirit.

THE Governor of Kansas had about the right idea of the matter when he adopted a rule that, when a prisoner is released on parole or pardon the said prisoner must sign an agreement to the effect that he will regularly attend church, Sunday school and prayer meeting once a week. Paroled prisoners who violate the agreement could be returned to the penitentiary should the governor so determine.

FORMER U. S. Senator, Roger Q. Mills, of Texas, has written what may be called an open letter to say that, after such an exhibition as the Democratic party is now making of itself, it would be better that it should disappear. Democrats who saw this ten years ago are now finding themselves in much excellent, but late company. Soon it will be clear to everybody that the death warrant of the Democratic party was written in the election returns of 1890.

State Republican Nominations.

The Republican State convention held in Harrisburg last week did its work up promptly, harmoniously and satisfactorily. These nominations were made with practical unanimity:

Justice of the Supreme Court, Judge Robert Von Moschizsker of Philadelphia, Auditor General, Senator A. E. Sisson, of Erie. Lawyer and farmer.

State Treasurer, Ex-Senator Jeremiah A. Stober of Lancaster. Manufacturer and veteran of the civil war.

Sisson and Stober were unopposed. Von Moschizsker had opposition in Judge Charles E. Rice of the superior court bench. The roll call developed that there were present 372 delegates. Von Moschizsker received 205 and Rice 46 votes, and 21 delegates were absent when the vote was taken.

Chairman W. R. Andrews was unanimously re-elected to that office. The platform adopted was brief, but very expressive, and will meet the general approval of the party throughout the state. Its salient points are as follows:

People are congratulated upon the return of prosperity under the confidence given by election of Taft and Sherman. Confidence in President Taft and the present administration is expressed. With Secretary Knox at the head of the President's official family closer and more amicable foreign relations will obtain.

Unaltered belief in the policy of protection to American labor is repeated and the work already done by Pennsylvania's senators and representatives in congress is accorded high praise.

The convention went on record in commending the magnificent work of Governor Edwis S. Stuart and a vote of utmost confidence was given him. Representatives in congress are re-

quested to diligently favor the passage of wise and liberal pension laws for the benefit of the nation's defenders.

The vigor with which the legislature took hold of the problems of the session just past is highly praised and the laws passed during the session are approved. The liberal appropriations for schools, hospitals, charities and public roads are commended and the protection of the forests of the state made a declaration of the platform.

The splendid condition of the state's finances is the subject of congratulation and the present Republican auditor general, state treasurer and attorney general are commended for their splendid work in collecting revenues, especially from large corporations.

Clarion County Outrage.

John Nye, a survivor of the Civil war and past 75 years of age, was cruelly assaulted and robbed at his home in Clarion county, two miles south of Lucinda station, early last week, the news of the outrage only coming to light later in the week on account of the old man's fears that the thieves would return and carry out their threat of killing him should he make any effort at his apprehension. He occupies a small house and lives alone. He retired early, and sometime about midnight was awakened by a unusual noise, but, after lying quiet for a short time and hearing nothing alarming, he dropped off to sleep, to be awakened by his door being smashed in, the thieves using a fence rail as a battering ram. He started up from the bed but was no sooner on his feet than one of the marauders had him by the throat and choking him and both beat him in the face and about the head until he was unconscious. They waited until he recovered and then demanded his money under threats of torturing him if their demand was refused. He told them where to find all he had, \$50, which had been saved by the strictest economy from his small pension. The old gentleman is either unable or afraid to give any description of the thieves. The outrage is within a short distance of the spot where Morris Snyder, a Fryburg hotel man, was shot and left for dead by one of two men who stopped him as he was driving to Clarion to deposit \$250 which the thieves got away with. It is also in the same section of the county where several years ago an aged recluse, William Kiser, was murdered and robbed. The outrage was similar in its operation. Kiser lived alone in Elk township. He came home from a church service and after he was asleep the front door of his small home was broken open with a heavy beam used as a battering ram and he was killed while fighting with his assailants and whose identity has never been discovered.

U. S. Lumber Cut for 1908.

During the year 1908, 31,231 sawmills in the United States manufactured 33,289,300,000 feet of lumber, according to a preliminary report just issued by the Bureau of the Census. These mills also cut 12,106,483,000 shingles and 1,988,684,000 lath. Lumber manufacturing like every other industry, felt the effects of the business depression which began in October, 1907. Consequently the production in 1908 was below that for the previous year. In 1907 the cut of 28,850 sawmills was 40,256,154,000 feet, the highest production ever recorded. Notwithstanding, therefore, that in 1908 reports were received from eight per cent more mills than in 1907, the decrease in lumber cut reported by them was slightly over seventeen per cent.

Washington, as for several years past, still ranks first among the states in lumber production, its cut in 1908 being 2,915,925,000 feet, a decrease of 28.8 per cent over the cut in 1907. The other states given in the order of the amount of lumber cut during the year, are as follows: Louisiana, Mississippi, Arkansas, Wisconsin, Texas, Michigan, Oregon, Minnesota, Pennsylvania, Virginia, Alabama, North Carolina, West Virginia. Each of these states reported a cut of more than a billion feet during 1908. California and Maine dropped a little under this figure.

Neighborhood Notes.

Mr. Jerry Crazy has donated \$10,000 to the First Methodist church of Warren. With this sum a Sunday School building will be built at the rear of the church this year.

The Keystone Powder Co. which has factories at Emporium has just been awarded a contract to supply the government with 10,000,000 pounds of dynamite for use on the Panama canal.

Joseph Walkerman, who won out at the recent primaries as the Republican nominee for Associate Judge in Warren county, has been appointed to that office, filling the vacancy caused by the death of Judge Tanner Hackney.

Plunging unexpectedly into water 15 feet deep, three boys, Lewis Dale, aged 11; Leo Gallagher, aged 13, and Roy Gallagher, aged 11, were drowned Sunday in Bear Run creek, near New Castle. The boys were wading and suddenly slipped into a hole caused by recent dredging. The bodies were recovered.

The search for the body of the 15-year-old son of Ambrose Jennings, of near East Brady, who lost his life by drowning while in bathing in the Allegheny river on Tuesday of last week, has so far proven unsuccessful, and the mother of the unfortunate youth is lying at her home prostrated and in such a critical condition that fears are entertained that the shock may prove fatal. A brother of the boy made an unsuccessful effort to save him when he called for help, but was finally compelled to relinquish his hold on him to save his own life.

FROM ANOTHER CORRESPONDENT. At the committee meeting Friday evening it was decided to have a full day's entertainment here July 5th, beginning with a fantastic parade in the morning. Music will be furnished throughout the day by our celebrated band of 30 pieces.

Pat. Welsh, who has charge of the building room at the kindling wood factory, was quite painfully injured at the left elbow and arm one day last week, by getting it caught between the bumpers while shifting some cars. Mr. Welsh has been very unfortunate since his residence in Kellettville, his wife having recently undergone a serious but successful operation at Oil City.

The Kellettville ball team, accompanied by a hundred fans, went up to Mayburg on Saturday and played a very interesting game with the Mayburg team. There were numerous errors made by each team, also an abundance of scores. Shockey and Burch were the Mayburg battery, while Russell and Greer were their opponents. The score was 12 to 14, favoring the visiting team. This makes three games played this season between the two teams, Kellettville winning two and Mayburg one.

Miss Bertha Watson, second youngest daughter of Mr. and Mrs. John G. Watson, surprised her friends last Wednesday by becoming the wife of Edward Patch of East Hickory. May their path be strewn with patches of prosperity and happiness is the sentiment of their many friends.

The swampy land lying in the west end of town had become very nauseating owing to the fact that the sewer had become clogged. The sewer was repaired, cleaned out and flushed with a 60-pound pressure of water from the nearest hydrant. The citizens in that vicinity are expressing themselves as de-lighted.

Interest to Farmers and Mechanics. Farmers and mechanics frequently meet with slight accidents and injuries which cause them much annoyance and loss of time. A cut or bruise may be cured in about one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This liniment is also valuable for sprains, soreness of the muscles and rheumatic pains.
